

That is the average age of a Suburban Gang assassin, used by leaders of "Larry's Original Crew", the "GDs" or "Maniac Latin Disciples."

Drug gangs backed by international cartels are moving to the suburbs. In Lake County, we have four major gangs, including the new "Surreno 13" that have proven particularly violent.

This is why we are funding a new FBI gang intelligence unit and backed new ATF federal agents operating in the northern suburbs. This week, I also announced a federal grant for the Waukegan NET team - ten brave officers who are up against over 2,000 gang members in Waukegan alone.
